

Ark Boulton Active Travel Map

Plan your trip – for time and safety

Plan your school journey using the map provided. Use safe crossing points on your route and take care on the road. Don't get distracted by friends, phones or music.

Walk or Cycle

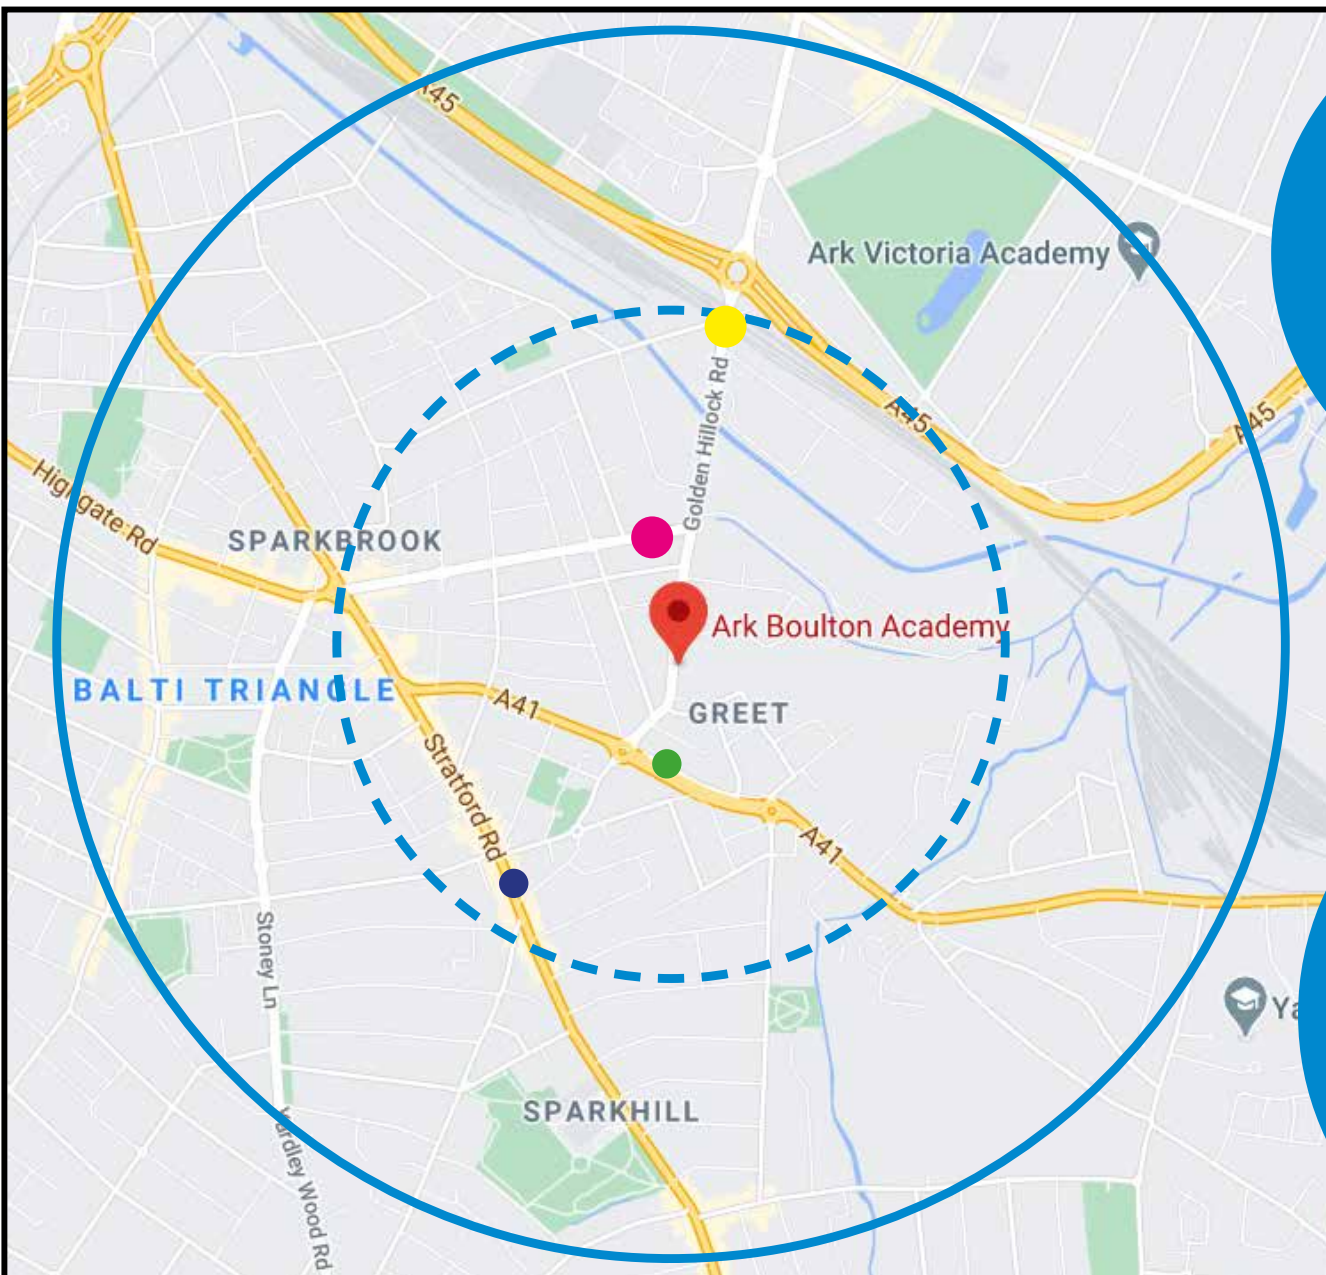

Students that walk to school feel healthier and more alert, getting regular daily exercise. Could you walk to school?

Why?

- More time with friends.
- Ready for lessons at the start of the day, and time to unwind at the end.
- Increased independence through school years.
- It's free, save some money.
- Good for the environment and you could find out more about your local area.
- You will be fitter and healthier.

Park and Stride

If you don't live within walking distance to school, you might have to travel part of the way by car. Find a good drop off point, that is safe and allows you to walk the final part of the journey.
