

Where can I study Professional Pathways?

The Professional Pathways course is taught in 13 Ark sixth forms across the UK. [Each school offers different Professional Pathways subjects as shown below.](#)

Please note, subjects available are subject to change in each school year, please talk to the school to check which subjects will be available for your year of enrollment.

Where schools have a subject available as PPFY, this subject is only available for students who are working towards their GCSE maths/ English in Y12. There may be opportunities for you to continue to take GCSEs alongside other pathways, talk to your chosen school about this.

School	Business	Applied Science	IT	Sport & Exercise Science
Ark Acton Academy (Ealing)	X			
Ark Academy (Brent)	X	X
