## 1. GENERAL STATEMENT

Please note, this guidance should be read and implemented in conjunction with the [Behaviour Policy](#).

## 2. RESTRAINT/USE OF FORCE

The school does not advocate the use of restraint of students. An underlying principle of this policy is to create an ethos where it should not be necessary.

Only in exceptional circumstances will physical intervention be used:

- To prevent students from committing a criminal offence.
- To prevent students from injuring themselves or others.
- To prevent students from causing damage to property, including their own property.
- As a last resort, when all other strategies have proved ineffective, in preventing a student from engaging in behaviour which disrupts the good order and discipline of the academy.

If required to use physical intervention, staff will:

- Use the minimum force necessary, proportionate to the circumstances.
- Use it as an act of care, and not as punishment.
