

Student What To Do: accessing online learning at Ark Boulton Academy

At Ark Boulton Academy, we believe in the Ark Pillar of 'knowing every child'. As such, we know that students have varying needs concerning their online learning while we are at home. Circumstances change and so the following 'What To Do' is intended to help you to know how to respond in a range of situations whilst at home:

Your situation:	What To Do	Approach
I can access the internet and have a device (e.g. laptop, tablet, PC, phone).	Login to your Form Time and then lessons delivered live by your teacher, on MS Teams each day.	MS Teams Live Lessons
I can access the internet and have a device (e.g. laptop, tablet, PC, phone) but did not attend lesson today.	Access the recorded lessons delivered live by your teacher, on MS Teams each day. Use the same resources and upload your assignment as normal.	MS Teams Live Lessons Recorded
I have access to the internet and share a device (e.g. laptop, tablet, PC, phone). This means I can't get to the live lessons on time.	Access the recorded lessons delivered live by your teacher, on MS Teams through your class, each day. Use the same resources and upload your assignment as normal.	MS Teams Live Lessons Recorded
Because of changes at home, it is hard for me to attend the live lessons, but I can access my learning at home later in the day.	Tell us that your circumstances have changed. Then access the recorded lessons delivered live by your teacher, on MS Teams each day. Use the same resources and upload your assignment as normal.	MS Teams Live Lessons Recorded
My teacher could not deliver the lesson today or was absent. I cannot see anything on Microsoft Team to access for this lesson. I know work will have been set, I just can't find it.	Go to your student email account. Here you will see an email from your teacher's Head of Subject to tell you which lesson to access on the Ark Boulton Virtual Academy.	Ark Boulton Virtual Academy
I have no access to the internet and/or a device. I am using a work booklet.	Make sure we know that you need a work booklet. Then work through the tasks in line with your normal timetable. You will be allocated to a member of staff who will phone you twice a week to talk to you about your work.	Work Booklet
My parent(s) are key or critical workers and so I need to come into school.	Let us know, by email to your year group info box and we will be in touch to make the arrangements for you to come into school.	In school: access to MS Teams Live Lessons
Everyone is back at school now. Lockdown has been lifted but I have to be at home. E.g. I am unwell or I am self-isolating.	Go to the Ark Boulton Virtual Academy. Identify the lesson closest to the one you learned yesterday and complete this lesson in your exercise book as normal.	Ark Boulton Virtual Academy

"It takes a whole community to raise a child"
